

The Leadership Development course is a unique program that allows you to develop your own leadership plan. Anyone can read up on the theory of leadership; this program focuses on implementation.

We create challenges and experiences that focus attention on leadership solutions for critical organizational performance issues. This is achieved through the use of the business and problem solving tools and processes. The program unlocks leadership and management development potential by raising awareness of important issues and by creating an environment for strategic reflection and tools to take strategies into action.

Key Learnings:

- What is the difference between managing and leading?
- Understand the fundamentals of good leadership
- What are the key attributes of a leader?
- Understand leadership tools and processes
- Develop rewards and recognition for leaders
- Prepare a One Page Leadership Plan
- Learn how to implement the Plan

Benefits:

- Fast Track your learning of Leadership Development related tools/processes
- Instantly implement your new skills on yourself or your business
- Work through the course at a time that best suits you
